

### **IIEE-CRCSA conducts Career Orientation Seminar for IPSR Students**

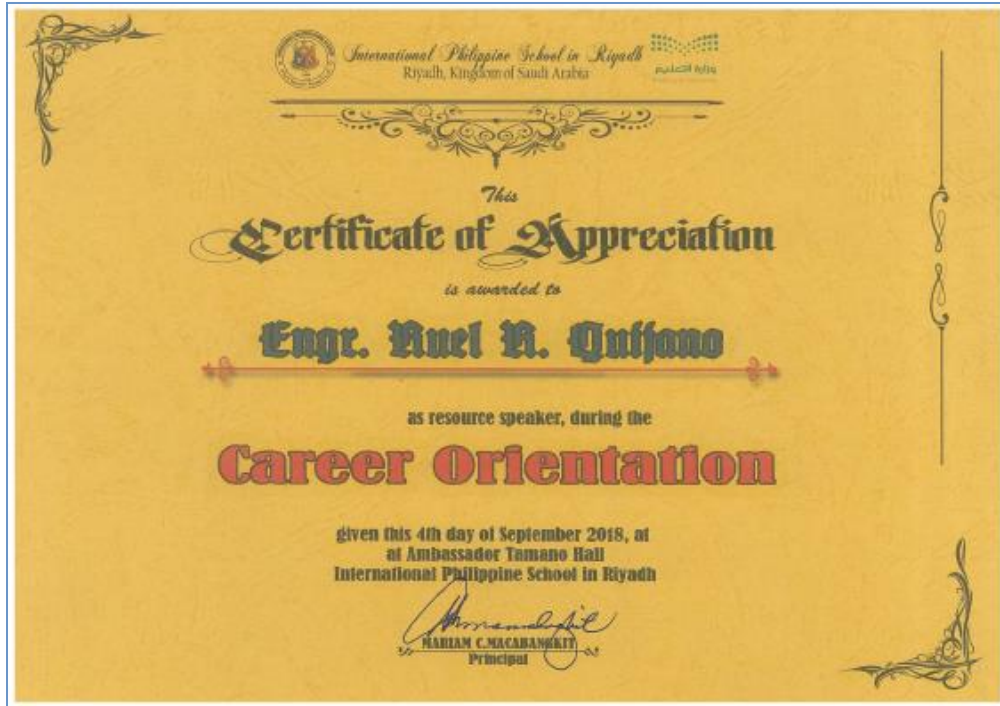

The Student Affairs Committee of the Institute of Integrated Electrical Engineers of the Philippines, Inc.- Central Region Chapter, Saudi Arabia (IIEE-CRCSA) conducted a Career Orientation seminar for Grade 11 & Grade 12 students of the International Philippine School in Riyadh (IPSR), Kingdom of Saudi Arabia held last September 4, 2018. More than fifty (50) students attentively attended the orientation seminar. Engr. Ruel R. Quijano, a professional electrical engineer and Committee Chairman was the resource speaker. The aim of the career orientation is to promote the Electrical Engineering profession to the K-12 students in preparation for their college life. Engr. Ruel discussed the definition of Electrical Engineering, the Basics of Electricity and its application, Sectors Served by Electricity, What do an Electrical Engineer do?, Why does the World Need Electrical Engineers?, and Job Opportunities. He also discussed to the students the Steps to Choosing the Right Course.

One of the highlights of the career orientation was the open forum where the participants asked questions to the resource speaker. One of the questions asked was “If the course he wants to take up differs from his parents, which one he follows? his choice or his parents?”

Engr. Arnel O. Aguas, Chapter Adviser also gave a talk and advice to the students. The assistant school principal presented a Certificate of Appreciation to the Engr. Ruel. While, Ms. Mariam C. Makabangkit, School Principal thanked the Chapter for conducting a vibrant and informative orientation seminar. The event ended with a group photo with the resource speaker, the principal and the class advisers of the school.
